# CENTENARY COLLEGE OF LOUISIANA

“**T**HERE Summer first unfolds her robes,  
And there, the longest tarry.”

Sang Bobbie Burns anent his bonnie Scotland,  
but it applies just as well to Shreveport, which is  
the home of Centenary College.

On Centenary Campus, Nature's forests with  
bristling shades welcome the eager student.

There is no cooler spot in this latitude. The  
College buildings are so constructed that broad,  
spacious halls catch every vagrant breeze. The  
rooms are surprisingly comfortable. The nights  
are delightful and refreshing.

At Centenary, there is no reason why students  
may not continue their studies thru the summer  
in a pleasant and satisfactory manner.

At the edge of Shreveport, we  
have the advantages of a city with  
the quiet seclusion of the country.

The earth will rotate upon its  
axis each day during the summer  
just as if we were not on a three  
months vacation.

## FACULTY

### (The Student's Opportunity)

WM. R. BOURNE, A. M., B. D., President\*  
English and Religious Education.

R. E. SMITH, A. M., B. D., Acting President.  
Biblical Literature.

PIERCE CLINE, Ph. B., A. M.,  
History and Economics.

ROY MOORE, A. M., B. D.,  
Ancient Languages.

R. J. KELLY, B. S.,  
Science and Mathematics.

GEO. M. REYNOLDS, A. B.,  
Modern Languages.

D. B. RAULINS, A. B.,  
Languages and Mathematics.

GEO. P. EVANS, A. B.,  
English.

E. V. LEVIE, A. B.,  
History and Athletics.

R. R. RISK, B. S.,  
Sciences.

M. C. HONEYCUTT,  
Ass't. in History and Mathematics.

\*Granted leave of absence at the earnest request of the Director General to assist the Educational Commission of the Methodist Episcopal Church South. Later resigned.

# CENTENARY COLLEGE OF LOUISIANA

## OUR ENDOWMENT

**I**T IS TRUE that we have a small endowment of \$60,000, but it is not of dollars that we wish to speak. Our real endowment consists of better values—it is of MEN. We allude to our Board of Trustees. Better than stocks and bonds, houses and lands, are the personalities of the men who are backing up Centenary College. The Board is composed of staunch business and professional men of Shreveport and other places in Louisiana; men whose hearts and souls are entwined around Centenary College. They will live and die by the institution. When money is needed one has only to push the button and lo—it is at hand. Better than that is the advice, the counsel, the vision, the prayers we have here enlisted. The names of these gentlemen are a guarantee of stability and a pledge to the public that Centenary College will make good. Known far and wide are such men as:

## BOARD OF TRUSTEES

Dr. Jno. L. Scales, President.....	Shreveport, La.
Mr. J. C. Foster, Vice-President.....	Shreveport, La.
Dr. W. W. Drake, Secretary.....	Shreveport, La.
Mr. T. C. Clanton, Treasurer.....	Shreveport, La.
Dr. Geo. S. Sexton.....	Shreveport, La.
Rev. Wm. Schuhle.....	Logansport, La.
Mr. E. A. Frost.....	Shreveport, La.
Mr. J. B. Ardis.....	Shreveport, La.
Rev. W. W. Holmes.....	Lake Charles, La.

Rev. J. G. Snelling.....	New Orleans, La.
Mr. G. S. Prestridge.....	Shreveport, La.
Mr. R. T. Moore.....	Shreveport, La.

### OUR SECOND LINE OF DEFENSE

Back of our Board standing like the Rock of Gibraltar, are the ministers of the Methodist Episcopal Church South in Louisiana. We appreciate the brotherhood of these men. No nobler souls breathe God's good air than these heroes of the cross. They are even now as never before lining up for the cause of Christian Education in general and Centenary College in particular. Many of them are alumni of the institution, others have their own sons here now and can speak from personal experience of the great work done at Centenary. Whenever you meet a Methodist preacher just ask him about Centenary College and you will strike a gusher.

# CENTENARY COLLEGE OF LOUISIANA

## REGULAR SESSION CLOSES OUT WELL

“Most Successful in Years”—chorus of voices.

**G**RAND Old Wordsworth, waiting on the hill-tops for sunrise, stood all a-tingle on tiptoe when it happened. Breathless, with adoration he wrapped his mantle about his head and spread his hands heavenward, crying: “I have worshipped”.

Much the same do we feel as we close the regular session and face the Summer School. The students have been uplifted, the faculty increased, the Curriculum extended and the great ideal of Christian Education is functioning at Centenary—we have worshipped!

The outlook for the future was never so bright.

## FOR WHOM?

- 1—For the Live ones who want to go on ahead of the DRONES.
- 2—For those who need to bring up a few subjects of special difficulty.
- 3—For those who desire a good review.
- 4—For teachers who want their certificates extended.
- 5—For those who wish to speed up for graduation.
- 6—For those who have become lopsided in their courses.
- 7—For those who appreciate a more personal contact with teachers than the regular session affords.

## SUMMER SCHOOL BULLETIN—"Join Us" Number

### OUR TEACHERS

**I**T'S the man behind the gun that puts the bullet where the battle's won. Our teachers are glowing, dynamic personalities. Filled with contagious enthusiasm, they inspire their students and arouse every latent possibility. We teach because we LOVE to teach. There's a new vision at Centenary—a compelling purpose. The teaching has something plus in it which spells success. Stonewall Jackson walked forty miles to see an honest-to-goodness teacher. Such teachers will function at Centenary this Summer. Come and see for yourself.

### WHAT COURSES WILL BE OFFERED?

**L**IBERAL Courses will be offered in both High School and College subjects. In fact this Summer term (9 weeks) will be the equivalent of a regular term in College or a half year or semester in High School. The student is not allowed to carry so many subjects but the work is just as thorough and full credits are allowed.

### COLLEGE SUBJECTS

English,  
Latin,  
Greek,  
French,  
Spanish,

History,  
Sciences,  
Math.,  
Philosophy,  
Education.

If you do not find what you want, ask for it. We have it.

# CENTENARY COLLEGE OF LOUISIANA

## HIGH SCHOOL SUBJECTS

English,	Phys. Geography,
Latin,	Zoology,
French,	Botany,
Spanish,	U. S. History,
Algebra,	English History,
Pl. Geometry,	Ancient History,
Trigonometry,	Mediaeval and
Physics,	Modern History,
Chemistry,	Civics,
Economics.	

One tree makes a million matches,  
One match destroys a million  
trees.

## READ THIS AGAIN

**I**T GIVES us genuine pleasure to announce that Centenary College is on the accredited list of Colleges in the State of Louisiana. Graduates of the College are privileged to teach in any of the High Schools of the State without examination. The Academy is also on the accredited list of Senior High Schools. Students finishing the Academy course, may, without further examination, enter the State University, and other colleges.

## EXTEND YOUR CERTIFICATE

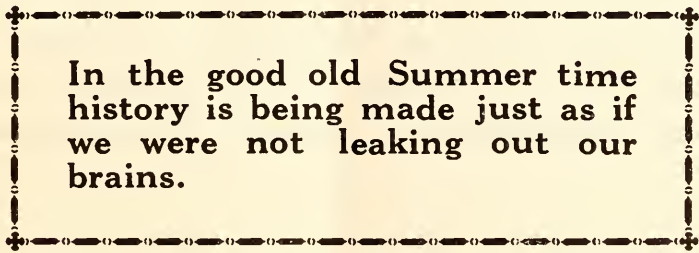

Credits earned at the Summer School will be recognized by the State at face value. State Supt. T. H. Harris, assures us that the Department of Education will accept any credits given by Centenary Summer School and same will be used to extend teachers' certificates one year or raise grades made on examination for certificates.

## HOW MANY CREDITS?

**I**N EACH High School subject there will be two recitations a day. The nine weeks are in this manner, equal to eighteen regular weeks with only one lesson a day. Hence, the credit is equal to a regular semester or half year of two subjects, recited twice each day. This would entitle the student to a half years credit.

In the College, the classes will recite six days each weeks to make the nine weeks equal a regular 12 week term. The student should earn from 12 to 15 term hours credit

In the good old Summer time  
history is being made just as if  
we were not leaking out our  
brains.

Your competitors will be in Summer School. In a few years you will be wondering why they get better places.

# CENTENARY COLLEGE OF LOUISIANA

## “BE STRONG !”

Say not the days are evil—who's to blame?

And fold the hands and acquiesce—O shame!

Stand up, speak out, and bravely, in God's name.”

—Babcock.

## COEDS—ALSO GIRLS

**W**E ALWAYS have a number of young ladies who wish to take advantage of the rare opportunities offered by Centenary College. This year we have new buildings and can take care of girls better than ever before. If a sufficient number apply we shall set apart for the exclusive use of the girls, our large new comfortable College building—during Summer only.

This building is delightfully equipped with shower baths, hot and cold water in each room and every necessary convenience. One of the Professors and his wife will be in charge of this building and will look after the needs and comfort of the young ladies.

The meaning of life is not told in years. We live in deeds and thoughts and ideals—not in figures on the dial.

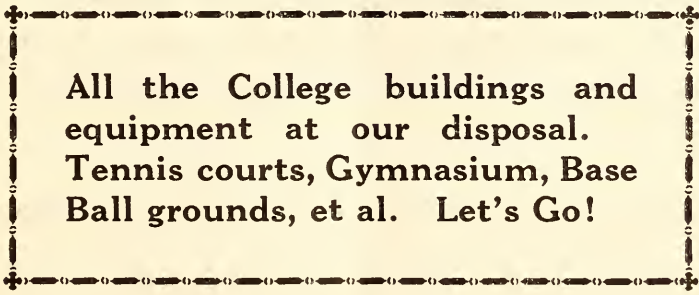

## SUMMER SCHOOL BULLETIN—"Join Us" Number

"Democracy is something deeper than liberty, it is a responsibility."

### BETWEEN HALVES AND INNINGS

**S**ANDWICHED in between the strenuous duties and studies will be such interesting diversions and recreations as tennis, base-ball, croquet, hikes and what not. Also a few rills of lectures, musical recitals and other informing and inspirational attractions. We are arranging a full service of popular addresses. The daily platform hour will be one of the most helpful features of the Summer. Students of the Summer School may also take advantage of the Chautauqua in the city. Many, many other interesting activities come to the city of Shreveport; students are gladly welcomed.

All the College buildings and equipment at our disposal.  
Tennis courts, Gymnasium, Base Ball grounds, et al. Let's Go!

"A book may be as great a thing as a battle"  
—Disraeli.

WHY THIS THUSNESS?

**A** VACATION of three months! Idleness and sloth dissipate the energies and rust out the mental machinery. After a strenuous session students need a week or two for relaxation; but a longer period of rest makes the mind flabby. Why let the process of education halt for three months? Why forget and lose interest in school?

After a vacation, stretching thru the entire summer, students dread the fall term and enter school with low spirits. They have weakened powers of concentration. Weeks are spent in whipping them back into condition. A short, snappy term at Centenary Summer School will prevent this loss and waste. The Summer School will advance you on toward graduation; it will put you in the eager, expectant attitude for the regular term in Sept. Two new units may be carried and the old facts fixed in mind and screwed up to the sticking point. Centenary offers you a chance to stop the leaks in your memory. Don't waste this summer!

Have you considered the Summer  
School as a Time and Money  
Saver?

# SUMMER SCHOOL BULLETIN—"Join Us" Number

## YES: AMPLE BOARDING FACILITIES

**W**ITH our new buildings now we shall have rooms in abundance. Come one, come all! Excellent table fare will be provided. The health and contentment of the students will be safeguarded and wholesome food—well cooked and tastefully served together with the hopeful, happy outdoor exercise will keep the students vigorous and all aglow with purple life.

**Think of the untapped pools of power awaiting you at this Summer School.**

## WHAT TO BRING WITH YOU

**Each boarder (teacher or student) must furnish his own pillow and cases, bed linen, napkins and ring and toilet articles and towels.**

“God give us men! A time like  
this demands  
Strong minds, great hearts, true  
faith and ready hands;  
Men whom the lust of office does  
not kill,  
Men whom the spoils of office  
cannot buy;  
Men who possess opinions and  
a will;  
Men who have honor—men who  
will not lie.

—Holland.

# CENTENARY COLLEGE OF LOUISIANA

Remember! Centenary College is officially endorsed and classified as a Standard A Grade College.

Fifteen standard units are required for entrance.

Four full years of College work are then required for graduation.

## PLANS FOR A GREATER CENTENARY

The many friends of Centenary will be pleased to learn of the enlarging program for the school. This program consists not only of great buildings, but also it includes a vast endowment campaign. No less an amount than one million dollars will be secured for these buildings and endowment. This money will be like ozone to the lungs. It will electrify the institution and give ease and margin to all of our activities. Big things can be done; big men can be made. Opportunities will beckon and barred doors fly open to the boys of Centenary.

Already the entire student body is feeling the thrill of new life. Anticipation tastes the delicious sweets of the on-coming feast. Each dawn now is rife with expectancy—"tis day-break everywhere!" Even this next session will reap a large benefit from the financial and building campaign. We expect to begin another new building early in the summer.

One million children, future voters of U. S. A., are today under the care of teachers who have not themselves passed the eighth grade.

**SOMETHING BIGGER THAN MONEY OR BUILDINGS.**

Our readers will recall the fact that we have always insisted that there is something greater than money or any material or external excellence. We place character, personality, manhood first of all. Given great personalities, great men, then the issues and results will be commensurate. In keeping with this law, the trustees of Centenary College realize that the matter of first importance in the onward growth and expansion of the Institution is the selection of a President.

He must be a man who looks before and after; a man of constructive ability; a man who has vision and is of the new era now dawning upon the world. They have found the man. His record is an open book of great undertakings, successfully completed. He is creative and constructive—a great organizer and leader of men.

Dr. Geo. S. Sexton, is the man and he has been tendered the Presidency of the larger Centenary. Dr. Sexton has not yet announced his acceptance, but has the matter under advisement. It is the sincere hope of the friends of Centenary, that he will accept the honored position and make the Institution the crowning work and glory of his already successful life.

**Send for our General Catalogue which gives you fuller information about the Regular Session at Centenary.**

# CENTENARY COLLEGE OF LOUISIANA

## INCREASE OF FACULTY AND ENLARGEMENT OF COURSES

Marked improvement will be made in the curriculum and also in the faculty. The excellent faculty of the past year will be increased by the addition of new teachers of high qualification and enviable records. In the English department, we have secured the services of a Columbia University Master of Arts, who has had unrivalled success as an organizer of English departments. A Department of Education has been created and will be manned. As Teacher of French and Spanish, a man who speaks both fluently will direct much of the class work entirely in the foreign tongues. The students will be taught daily the practical expression of French and Spanish so that they may themselves speak these languages.

### CONSIDER THESE POINTS

- 1—The Business Courses.
- 2—Thorough Laboratory work for Pre-Medical Students.
- 3—Equipment for Track and Gymnasium work.
- 4—Department of Religious Education.
- 5—Practical speaking of French and Spanish.
- 6—Brass Band and Private Lessons in Piano and Voice.

## SUMMER SCHOOL BULLETIN—"Join Us" Number

---

### SOME MORE NEW ADDITIONS

The work in Biblical Literature will be extended and more time and attention will be given to young Ministers. Not to be overlooked is the improvement in the laboratories, both in the way of equipment and instructors. A Demonstrator has been employed who will devote his attention to the specific work of preparing young men for their pre-medical courses. In athletics, we have employed a coach and an assistant coach. Well selected and equipped teams will represent Centenary on the gridiron, court and diamond. The new gymnasium is to be furnished throughout and a track built on the athletic field. Finally, business courses will be added. Practical bookkeeping, banking, stenography and commercial usages will be taught by a competent man. In a word, Centenary purposes to supply the youth of Louisiana with a well-rounded education. Whether the student wishes to prepare for professional life or for a commercial career, we shall offer him the necessary courses. Best of all, he can study all these varied subjects under safe Christian teachers in a wholesome religious atmosphere.

Send for our General Catalogue which gives you fuller information about the regular session at Centenary.

# CENTENARY COLLEGE OF LOUISIANA

## SOME PERSONAL QUESTIONS

When are men more honest? At sun-rise, midnight or noon-day? There's a sure test; come to Centenary and find out.

How can you think deepest and best? Sitting, standing, walking or reclining. There's just one way for you to be 100%. Have you found it?

Centenary will help you.

While you are studying your books at Centenary, expert teachers—your friends—are studying you to help you succeed.

## REGULATIONS

**W**E DESIRE only the simplest possible regulations. Our discipline is gentle, yet firm.

The few rules which we have will be enforced to the letter. More work will be done and easier because of our well oiled system. Try these on your memory:

- 1—The use of cigarettes or tobacco is strictly forbidden in buildings or on grounds.
- 2—No cards or gambling will be tolerated.
- 3—All boisterous conduct in rooms or halls will be prohibited.
- 4—Prompt observance of all bells and signals will be required.
- 5—Daily attendance upon chapel exercises and Sabbath observance will be required.

"I haven't time to stay out of school."

—Horace Greeley.

## SUMMER SCHOOL BULLETIN—"Join Us" Number

But Thee, O poet's poet, Wisdom's Tongue,  
But Thee, O man's best man, O love's best Love,  
O perfect life in perfect labor writ,  
O all men's Comrade, Servant, King or Priest,—  
Oh, what amiss may I forgive in Thee,  
Jesus, good Paragon, Thou Crystal Christ?

—Lanier.

### A FINAL WORD WITH YOU

When Jas. A. Garfield was nineteen he went to a physician and demanded of the medico that he examine him for the future. "Tell me my possibilities of mind and body" he cried. Now it happened that Garfield applied to a doctor who had gumption as well as querve. So the wise man sent young Garfield away to become the President of the U. S. A.

Young man or woman,—you who read these lines. Do you know your powers? Do you know what you are best endowed to do? How long are you willing to drift aimlessly thro life? Are you sauntering dreamingly thro the aisles of time? What a waste!

Centenary will help you find your life's work NOW. Join us this summer.

"So thro the thunder comes a human voice,  
Saying, 'O heart I made, a heart beats here!  
Face my hands fashioned, see it in myself!  
Thou hast no power nor mayest conceive of mine,  
But love I gave thee, with myself to love,  
And thou must love me who have died for thee.' "

The elevator is out of commission, you'll have to climb.

# CENTENARY COLLEGE OF LOUISIANA

## WHAT IT COSTS

Tuition, for entire term, in advance .....	\$30.00
Board, per month, in advance .....	25.00
Room, per month, in advance .....	5.00
No Fees—No Extras.	

Ten per cent. additional will be charged if paid irregularly or not in advance.

Licensed Ministers and children of ministers, actively engaged in preaching the Gospel, will not be charged any tuition but they will pay five dollars each on entrance to cover cost of enrollment and keeping their records.

A few worthy students may earn their tuition by working outside of school hours. Also there are several scholarships open for the Regular Session beginning in September. These Scholarships offer an opportunity to earn all expenses by performing certain duties in the dining room and around the premises. Write for particulars.

## HOW TO FIND US

We are at the end of the Highland street car line. Transfers may be had from any street car to a Highland car at the Court House Square, corner of Marshall and Texas streets. A short delightful ride over the best car line in the city will bring you to Centenary's doors.
